## Table lamp ENLI

Code: **09066**

Price: **€20.24** Net

Unique desk lamp with a built-in weather station. The lamp has three levels of light intensity so that your desk will always be adequately illuminated. A special filter located by the LEDs makes the light more natural and helps protect your eyes. Variable, multi-colour backlighting (RGB – red, green, blue) of the stand gives it a modern look and creates a unique atmosphere. ENLI owes its functionality to the built-in 1200 mAh battery – the lamp can be set anywhere without worrying about unnecessary cables. The built-in weather station has the following functions: time, date, day of the week, temperature, alarm, and birthday reminder.
